

Berkeley Research Infrastructure Commons Routine Services Agreement

This routine services agreement ("**Agreement**"), effective as of [effective date] ("**Effective Date**"), is by and between The Regents of the University of California, a California public corporation, solely on behalf of, and limited to, its Berkeley campus ("**University**"), and [Company Name] ("**Company**"), a [jurisdiction name] [entity type] having a principal place of business at [address]. "**Party**" hereinafter refers to each party individually and "**Parties**" refers to the parties collectively.

Background

1. University has core facility recharge centers with published rates (collectively, "**Research Infrastructure Commons**" or individually, "**RIC**").
2. High-Throughput Screening Facility ("**HTSF**") is a RIC with experience and capabilities necessary to perform the routine services contemplated by this Agreement, and the performance of such services is consistent with University's educational, research, and public service activities.
3. Company would like University to provide the services as set forth in this Agreement.

In consideration of the conditions and terms set forth in this Agreement, and for other good and valuable consideration, the Parties agree as follows:

Agreement

1. Services

University staff will perform services on behalf of Company and, if applicable, provide deliverables to Company as set forth in the attached and incorporated **SCHEDULE A** ("**Services**" and "**Deliverables**," respectively), subject to the following:

- 1.1. Routine and Non-Inventive:** All Services listed in SCHEDULE A must be limited to activities that are routine, and not inventive as defined by U.S. patent law. Examples of routine, non-inventive services performed by University staff include: preparing samples for testing, and acquiring data from testing in accordance with a Company-authored protocol. The Parties agree that Services performed by University will be routine and narrowly defined by Company. Company understands and acknowledges that University staff have agreed, as a condition of their employment by University, to promptly report and fully disclose the conception and/or reduction to practice of potentially patentable inventions to University, and to assign inventions and patents to University, in accordance with the University of California Patent Policy ("**Patent Policy**"), which may be found at <https://policy.ucop.edu/doc/2500493/PatentPolicy> .
- 1.2. Not Sponsored or Collaborative Research:** No Services provided under this Agreement will be sponsored research undertaken by University for Company, or collaborative research conducted by University with Company.
- 1.3. No Company On-Site Access to University Facilities:** Notwithstanding anything to the contrary herein, including those terms and conditions in EXHIBIT 1, this Agreement does not permit Company, including Company employees or agents, to physically access and/or use University facilities.

1.4. Company Responsible for Compliance with Laws and Regulations: Company agrees that University will not perform Services in compliance with current Good Manufacturing Practices (21 CFR Parts 210 and 211) or Good Laboratory Practices for Non-Clinical Laboratory Studies (21 CFR Parts 58), and that University is not a "sponsor" (as defined in 21 C.F.R. § 58.3(f)), a "testing facility" (as defined in 21 C.F.R. § 58.3(g)) or an "investigator" (as defined in 21 C.F.R. § 312.3), and is not intended to be a "contract research organization" (as defined in 21 C.F.R. § 312.3) for any purpose under FDA regulations or guidelines. Company agrees that it is solely responsible for full compliance with any legal and regulatory requirements and the terms and conditions of any funding source pertaining to Services. Company represents and warrants that it has acted and will act in full compliance with all applicable laws, regulations, and the terms and conditions of any funding source pertaining to Services.

2. Deliverables

2.1. Ownership of Deliverables: Subject to Article 1, Company shall own all Deliverables upon payment of Agreement Fees (as defined in Article 5). University shall submit Deliverables to Company in accordance with the due dates established in SCHEDULE A.

2.2. University Use of Data: Unless otherwise agreed in writing by the Parties, data generated in the direct performance of the Services will belong to Company and will not be used by University for other purposes.

3. Material

3.1. Materials Supplied by Company: In the event Services require Company to furnish or supply University with parts, goods, data, specifications, components, programs, practices, methods, export materials (if approved by the University pursuant to Agreement), or other property such materials will be identified in SCHEDULE A and provided by Company to University in a timely and secure manner so as to allow University to meet its commitments under Agreement ("**Company Materials**"). Provision of Company Materials to University has no impact on Company's ownership of Company Materials. To the extent any Company Materials are returned to Company, any claims for shortages of or damages to materials suffered in transit are the responsibility of Company and will be submitted by Company directly to the carrier. Company will identify any shortages or damages at the time of delivery; claims of shortages or damages after the date of delivery are hereby waived.

3.2. University Use of Materials: Unless otherwise agreed in writing by the Parties, University will not use any Company Materials except to fulfill the Services.

3.3. Materials Warranty: Company warrants that Company Materials will: (1) conform to the requirements of this Agreement, including all descriptions, specifications, and attachments made a part hereof; and (2) will not infringe any third party rights. The University's acceptance of Company Materials will not relieve Company from its obligations under this warranty.

3.4. Materials Shipping Costs: Company will be responsible for the cost of shipping all Company Materials (including, without limitation, costs of insurance and other related costs), whether shipped by Company to University or by University to Company. University, at its option, may not tender delivery to Company of any Company Material for which Company has not provided

shipping instructions, payment and other required information. If Company postpones or delays delivery of Company Materials by University to Company for any reason (for example, if Company requests a delay in delivery), Company agrees to reimburse University for any and all storage costs and other additional expenses resulting therefrom.

3.5. No Bailment: Nothing herein shall be construed to create a bailment relationship between the Parties concerning any Company Materials.

3.6. Materials Indemnification: Company will indemnify, defend, and hold harmless the University, its officers, agents, and employees against all losses, damages, liabilities, costs, and expenses (including but not limited to attorneys' fees) resulting from any judgment or proceeding in which it is determined, or any settlement agreement arising out of the allegation, that Company Materials or the University's use of Company Materials constitutes an infringement of any patent, copyright, trademark, trade name, trade secret, or other proprietary or contractual right of any third party. The University retains the right to participate in the defense against any such suit or action, and Company will not settle any such suit or action without the University's consent.

4. Intellectual Property

4.1. Background Intellectual Property: Both parties shall retain all rights to their respective Background Intellectual Property. "**Background Intellectual Property**" means property and the legal right therein of either or both parties developed before or independent of this Agreement including inventions, patent applications, patents, and copyright.

4.2. No Implied License: Company agrees that this Agreement does not grant Company any right, title or interest in or to any intellectual property owned by University. Subject to the right to use Company Materials granted to University under Article 3, University agrees that this Agreement does not grant University any right, title or interest in or to any intellectual property owned by Company.

5. Payments

Company will pay University the fees in accordance with the attached **SCHEDULE B** which is incorporated as part of this Agreement ("**Agreement Fees**").

6. Indemnification

Each Party will defend, indemnify, and hold the other Party, its officers, employees, and agents harmless from and against any and all liability, loss, expense, including reasonable attorneys' fees, or claims for injury or damages arising out of the performance of this Agreement (collectively, "**Claim**") but only in proportion to and to the extent such Claims are caused by or result from the negligent or intentional acts or omissions of the indemnifying Party, its officers, agents, or employees. The Party seeking indemnification agrees to provide the other Party with prompt notice of any such Claim and to permit the indemnifying Party to defend any Claim or action, and to cooperate fully in such defense. The indemnifying Party will not settle or consent to the entry of any judgment in any Claim without the consent of the other Party, and such consent will not be unreasonably withheld, conditioned, or delayed.

7. Survival

Any termination or expiration of Agreement will not affect the rights and obligations set forth in the following provisions of Agreement: Section 2 (Deliverables), Section 3 (Material), Section 4 (Intellectual Property), Section 6 (Indemnification), Section 8 (RIC Standard Terms).

8. RIC Standard Terms

RIC Standard Terms specified in the attached **EXHIBIT 1** are incorporated as part of this Agreement.

The address and representatives for each Party for all such notices are listed in **SCHEDULE C**.

4. Disclaimer of University Warranty

6. Confidential Information

6.1. Confidentiality: "Confidential Information" is defined as non-public information that: (i) a Party considers confidential or proprietary; and (ii) is clearly marked "Confidential" or "Proprietary" at the time it is disclosed to the receiving party. If a Party discloses Confidential Information orally, the disclosing Party will indicate its confidentiality at the time of disclosure and will confirm such in writing within ten (10) days of the disclosure. Each Party agrees to use the Confidential Information solely in connection with Agreement and not for any purpose other than as authorized by the Agreement. The receiving Party will not disclose the disclosing Party's Confidential Information to any third party without prior written approval from the disclosing Party. The receiving Party's confidentiality and use obligations will extend for a period of one (1) year from the date of receipt of the disclosing Party's Confidential Information unless specified otherwise in Schedule A.

6.2. Non-Confidential Information: The Parties agree that information will not be deemed Confidential Information and the receiving Party will have no obligation to hold in confidence such information which: (i) was legally in its possession or known to the receiving Party without any obligation of confidentiality prior to receiving it from the disclosing Party; (ii) is, or subsequently becomes legally and publicly available without breach of Agreement by the receiving Party; (iii) is legally obtained by the receiving Party from a third party without any obligation or confidentiality; or (iv) is independently developed by or for the receiving Party without use of the Confidential Information as demonstrated by competent evidence.

Company will not use the name of the University of California ("UC"), any abbreviation thereof, any name of which "University of California" is a part, or any trademarks or logos of the University ("University Marks"), in any commercial context (including, without limitation, on products, in media including websites, and in advertisements), or in cases when such use may imply an endorsement or sponsorship of Company, its products or services. In the event any Protected Information is revealed, shared, or exchanged between the Parties, each Party agrees to comply with its obligations under all applicable Data Protection Law, and as required under Agreement. To the extent that any laws or regulations of the home country or region of a Party has extra-territorial application such as to impose legal obligations on the other Party or its conduct outside such home country or region, the other Party upon request will provide reasonable assistance to such other Party in satisfying such obligation as necessary to implement Agreement. Such reasonable assistance shall not include legal advice or opinion.

9.2. Protection: Company agrees to protect the privacy and security of personally identifiable information or data identifiable to an individual ("**Protected Information**"). Company shall implement, maintain and use internationally recognized commercial data security standards regarding administrative, technical and physical security measures that meet or exceed these requirements, including information access and computer system security measures, to preserve the confidentiality, integrity and availability of the Protected Information. RIC Routine Services Agreement

University as necessary to carry out the Services, or as required by applicable U.S. law, or as otherwise authorized in writing by University. Company shall inform University of any confirmed or suspected unauthorized access or disclosure of Protected Information immediately upon discovery, both orally and in writing, and fully cooperate with University in investigating and remedying the effects of such breach.

9.3. Non-Disclosure: Neither Party shall use or disclose Protected Information for any purposes except as contemplated by Agreement or as required by applicable U.S. law (such as pursuant to a subpoena or, for the University, the California Public Records Act), or as otherwise authorized in writing by the other Party. In the event of expiration or termination of this Agreement, the requirements of this Section will continue to apply to any Protected Information which continues to be stored, processed, or used by either Party following termination of this Agreement.

10. Miscellaneous

10.1. Governing Law: This Agreement will be governed by and interpreted according to the laws of the State of California, without regard to its conflict of laws provisions. 10.2. Relationship of Parties: The relationship of the Parties under Agreement is that of independent contractors. Nothing herein will create, or be construed to be, a joint venture, association, partnership, franchise or other form of business relationship. At no time will the employees, agents or assigns of one Party be considered the employees of the other Party for any purpose, including but not limited to workers' compensation purposes.

10.3. Force Majeure: If any Party fails to timely perform its obligations (other than payment obligations) under Agreement because of natural disasters, labor disputes, strikes, actions of governmental authority, acts of terrorism or war, whether actual or threatened, judicial orders, epidemics, quarantine, public health or travel restrictions or other causes beyond the reasonable control of the Party obligated to perform, then that Party's performance will be excused for the duration of such force majeure event. In the event of force majeure, the Parties may agree to alternative methods of performance that mitigate the effect of force majeure, subject to mutual agreement as to the terms thereof (including the payment of additional amounts).

10.4. Assignment: Neither Party can assign or transfer Agreement without the written consent of the other Party.

10.5. Severability: In the event any portion of Agreement is declared illegal, unenforceable, invalid or void by a court of competent jurisdiction, such portion will be severed from Agreement, and the remaining provisions will remain in full force and effect.

10.6. - 10.7. Waiver:** No waiver of any provision of Agreement will be effective unless made in writing and signed by the waiving Party. The failure of any Party to require the performance of any term or obligation herein, or the waiver by any Party of any breach of Agreement, will not prevent any subsequent enforcement of such term or obligation or be deemed a waiver of any subsequent breach.
- 10.8. Counterparts:** This Agreement may be executed in two or more counterparts, which may be transmitted via facsimile or electronically, each of which will be deemed an original and all of which together will constitute one instrument.
- 10.9. Headings:** Article and Section headings used in Agreement are for convenience of reference only, are not part of Agreement and will not affect the construction of, or be taken into consideration in interpreting, Agreement.

COVID-19 Addendum to Agreement

This COVID-19 Addendum ("COVID-19 Addendum") is a part of the RIC Routine Services Agreement by and between The Regents of the University of California ("University") and [REDACTED] ("Company"), including the Company User Agreement and other attachments thereto (collectively, the "Access Agreement"). "Party" hereinafter refers to each Party individually, or collectively as "Parties."

1. Addition of Conditions Affecting Performance:

Each Party recognizes, understands and acknowledges that the Parties' performance of the terms of this Access Agreement may be affected by the COVID-19 pandemic and its international, national, local and institutional legal, regulatory, policy and practical restrictions, limitations, implications and eventualities (collectively, the "COVID-19 Considerations"), and that cancellation or postponement, including immediate termination or suspension of access to campus facilities due to such COVID-19 Considerations, may be required. Neither Party will have liability to the other for delays or inability to perform their obligations (other than payment obligations) to the extent caused by the COVID-19 pandemic or compliance with the COVID-19 Considerations. The Parties agree that they may need to address such restrictions, limitations, implications and eventualities, and may settle on alternative methods of performance, subject to mutual agreement as to the terms thereof.

Each Party further recognizes, understands and acknowledges that, due to the COVID-19 pandemic, use of the University of California, Berkeley campus ("UC Berkeley Campus") has been restricted in accordance with applicable orders by public health authorities and policies of The Regents of the University of California and the City of Berkeley, County of Alameda, and State of California ("Local Public Health Officers"). Such restrictions are expected to remain in effect for an indeterminate time. Due to the COVID-19 pandemic, access to UC Berkeley Campus and buildings, including laboratory facilities, have been restricted and is expected to remain subject to such restrictions for an indeterminate time. As a condition precedent to the access of the campus facilities contemplated by this Access Agreement, the University needs to seek approval from Local Public Health Officers, specifically the City of Berkeley Public Health Officer, and this Access Agreement will not become effective, if University is not able to secure approval from these Local Public Health Officers. The other provisions of this Agreement notwithstanding, any access to University campus or building will be granted by the University, in its sole discretion.

2. Additional Requirements.

The Parties agree and acknowledge that any Company Users accessing the University campus, including using the campus facilities, in connection with this Access Agreement shall only be in accordance with all applicable federal, state, and local laws and University policies, which will require the Company User to sign Waivers of Liability and Assumption of Risk prior to accessing the campus facilities. Pursuant to University policies, anyone who will be present on University campus will be required to meet campus, city and state mandates relating to COVID-19, including physical distancing, face coverings and hand washing hygiene protocols, and the University's Office of Environmental Health & Safety COVID-19 specific trainings, rules and requirements (collectively "COVID-19 Mandates"). Access to campus and/or use of the campus facilities may be denied or terminated in University's sole discretion, if circumstances are such that the access or proposed access or use does not or would not comply with COVID-19 Mandates or interferes, or would interfere, with the orderly operations of the University's programs.
